

## WHO WE ARE

ActionAid is a global movement of people working together to further human rights for all and defeat poverty. We prioritise work with people living in poverty and exclusion, promoting values and commitment in civil society, institutions and governments with the aim of achieving structural changes in order to eradicate injustices and poverty in the world.

ActionAid Nigeria is a member of ActionAid global federation. We maintain a strong relationship of interdependence and mutual accountability within the international federation, ensuring a strong balance between self-rule and shared-rule. Although we started operation in Nigeria in 1999 as a Country Programme of ActionAid International, we have transformed into an autonomous national organisation registered with the Nigerian Corporate Affairs Commission. We have a strong national governance structure – a Board and a General Assembly - consisting of reputable Nigerians providing strategic oversight.

A just, equitable and sustainable world in which every person enjoys the right to a life of dignity, freedom from poverty and all forms of oppression.

To achieve social justice, gender equality and poverty eradication by working with people living in poverty and exclusion, their communities, people's organisations, activists, social movements and supporters.

Mutual respect, Equity and justice, Integrity, Solidarity with people living in poverty and exclusion, Courage of conviction, Independence, Humility.

Promoting the Right to Just and Democratic Governance and Women's Rights are cross-cutting themes which apply across the whole programme, but also have stand-alone initiatives. Linking all these is our geographically based integrated Local Rights Programme which is being implemented in twelve states of the federation. Our projects are currently spread across the 36 States in Nigeria and over 250 communities and are benefiting millions of people.
