WHO WE ARE

ActionAid is a global movement of people working together to further human rights for all and defeat poverty. We prioritise work with people living in poverty and exclusion, promoting values and commitment in civil society, institutions and governments with the aim of achieving structural changes in order to eradicate injustices and poverty in the world.

ActionAid Nigeria is a member of ActionAid global federation. We maintain a strong relationship of interdependence and mutual accountability within the international federation, ensuring a strong balance between self-rule and shared-rule. Although we started operation in Nigeria in 1999 as a Country Programme of ActionAid International, we have transformed into an autonomous national organisation registered with the Nigerian Corporate Affairs Commission. We have a strong national governance structure – a Board and a General Assembly - consisting of reputable Nigerians providing strategic oversight.

A just, equitable and sustainable world in which every person enjoys the right to a life of dignity, freedom from poverty and all forms of oppression.

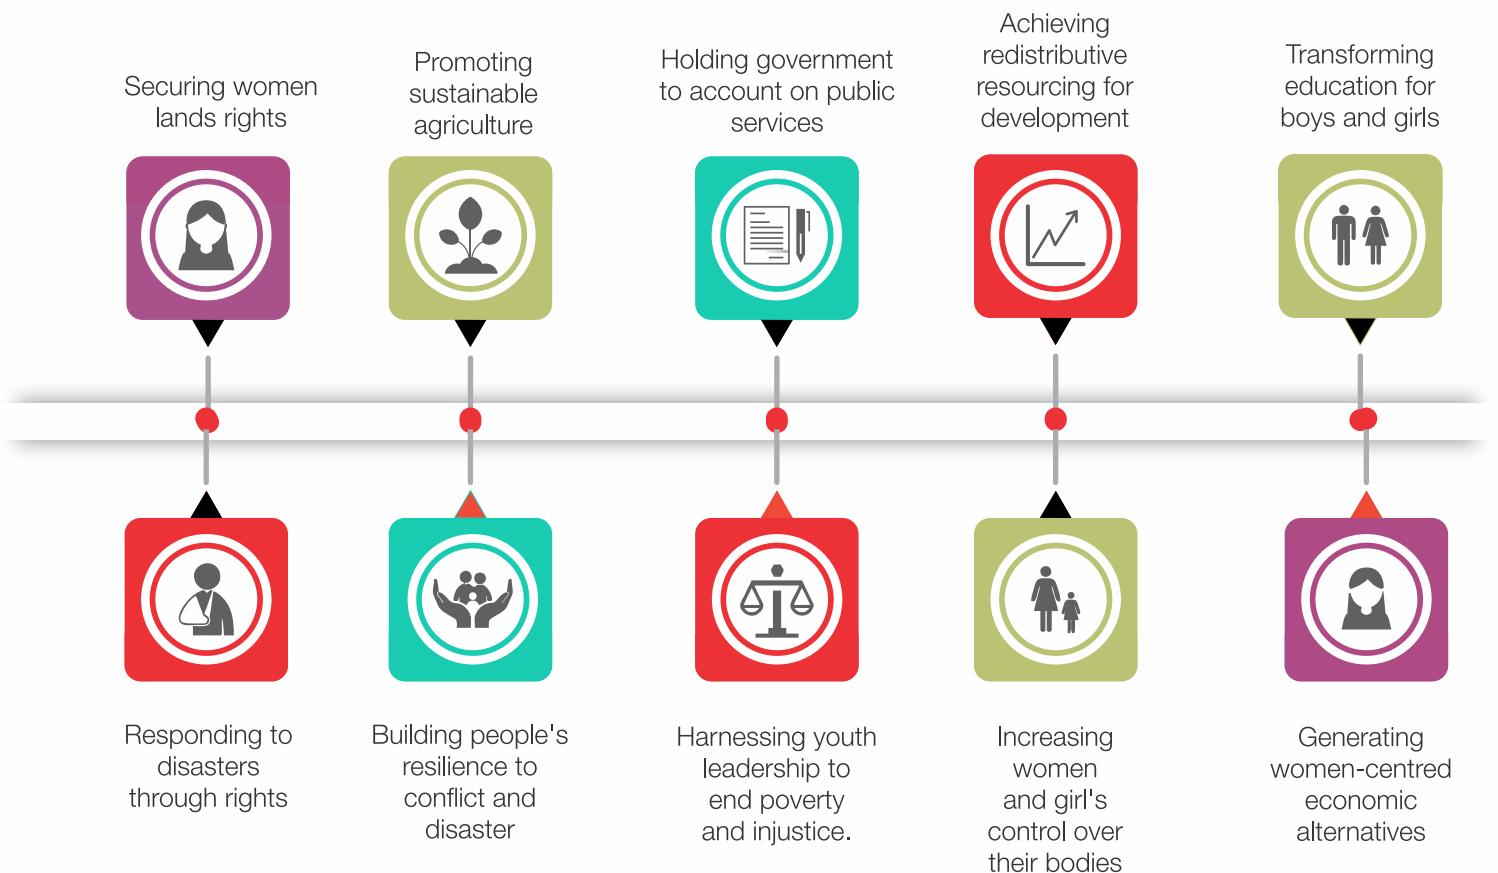

To achieve social justice, gender equality and poverty eradication by working with people living in poverty and exclusion, their communities, people's organisations, activists, social movements and supporters.

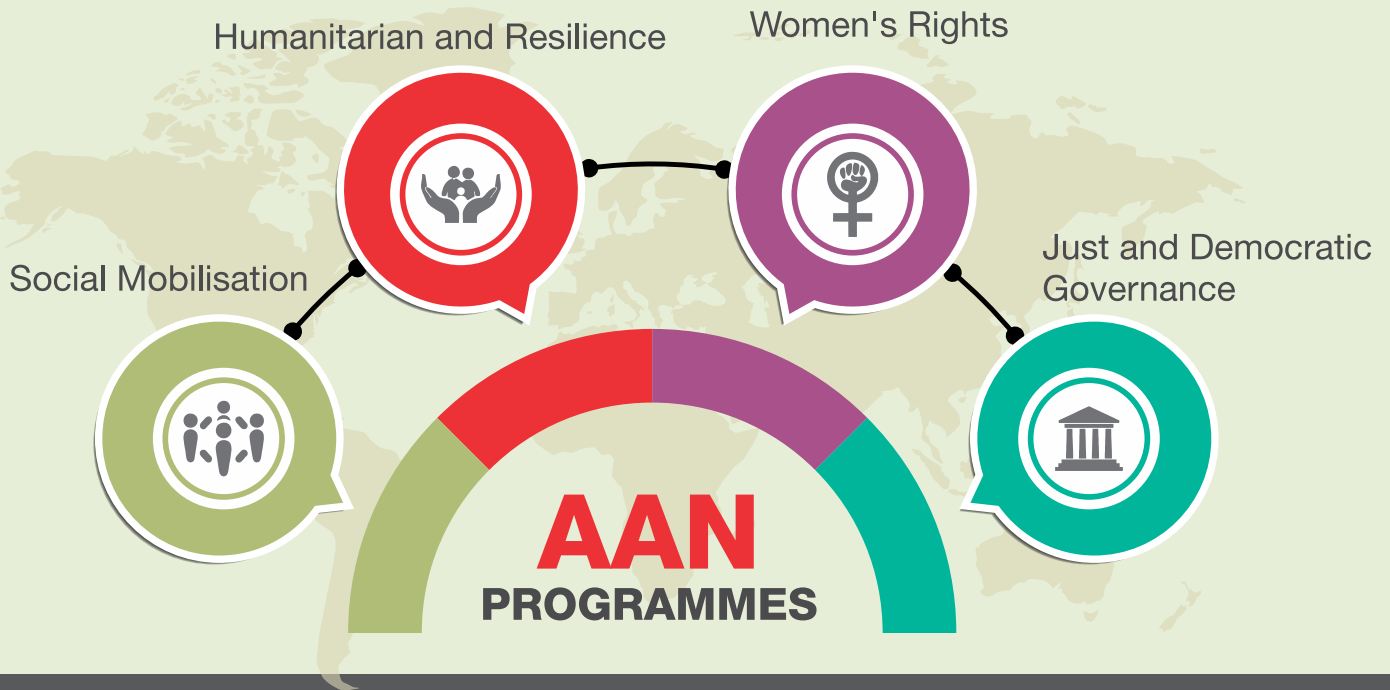

Mutual respect, Equity and justice, Integrity, Solidarity with people living in poverty and exclusion, Courage of conviction, Independence, Humility

OUR MISSION OBJECTIVES

Through these objectives, we focus on **10 key promises:**

Linking all these is AAN Local Rights Programme being implemented in 11 states and the Federal Capital Territory (FCT). Currently AAN projects are spread across the 36 States in Nigeria and in 250 communities and are benefiting millions of people. From reflections and lessons of our programmes in Nigeria, we achieved good governance and accountable policies centred on the improvement of gender sensitive public services in Nigeria.
