

CALL FOR EXPRESSION OF INTEREST: Website Developer
for Feminist Hub Migration Technical Support on the “Women’s Voice and Leadership” Nigeria Project in the Federal Capital Territory, Abuja

SUMMARY

ActionAid (AA) Nigeria is seeking the services of a Website Developer to provide technical support for Website Migration towards the **complete set-up of a Feminist Hub for the Women’s Voice and Leadership Project**. This is part of efforts to create access to a repository of data and information on Gender and Women’s Rights for Local Women’s Rights Organizations in Nigeria.

AA Nigeria is an affiliate of ActionAid International, which is a global alliance of organisations working towards achieving a world without poverty and injustice in which every person enjoys the right to a life with dignity. As a large and visible development organisation, we work in more than 40 countries in Africa, Asia, Europe and America. Our expertise lies in community-led approaches to development and working through partnerships with the poor and other grassroots organisations.

1. Project Overview: Goal(s) and Outcome(s)

The Women’s Voice and Leadership Nigeria Project is a \$9.7 million five-year Global Affairs Canada development assistance programme in Nigeria. The goal is to support the capacity and activities of local women’s organizations and movements seeking to empower women and girls, advance the protection of women’s and girls’ rights and achieve gender equality in the country. This will be done through provision of multiple layers of funding and targeted/tailored capacity building support to these organisations.

In order to make this project accessible to all, the project incorporates the use of technology and media to create and spread messages to Women’s Rights organizations, women and girls and other stakeholders thereby contributing to a greater project reach and impact. To this end, the project committed to the establishment of a Feminist Hub which will serve as a repository of information/data on women and girls rights. The hub will be designed to be accessible to all categories of people and will support the learning needs of women and girls, and organizations that are programming on women and girls’ rights to access information on all critical areas of gender and women’s rights.
